New High Current Socket for 125mil Product Series

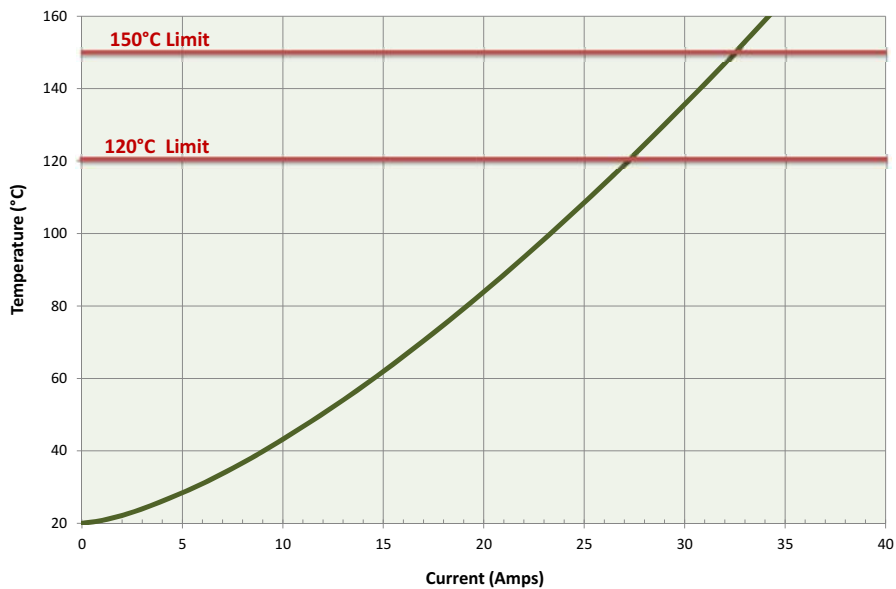

October 19, 2015

QA Technology is pleased to offer a new **High Current** solder cup socket option in our 125mil center, 125-25 product series. This new socket now allows you to achieve a continuous current rating of up to **27 AMPS** at 120°C and **32 AMPS** for non-lubricated at 150°C when used with our 125-PRH25 high current probe. The 125-SDH250S socket is made from a gold plated, high conductivity copper alloy to give optimum current carrying performance.

For samples or pricing, please contact us at (603) 926-0348 or email sales@qatech.com.

125-25 High Current Series
(125-PRH2509H with 125-SDH250S)
