

# Wire Jack Terminations for 50mil Sockets

Choosing the right  
connection makes all  
the difference.

QA Technology is pleased to now offer **50mil sockets** with our **Wire Jack termination** method. These new sockets use our standard Wire Jacks which are available with or without pre-attached wire in various sizes, colors and lengths to optimize your wiring time.

Full product details are available on our website: **050-R25**, **050-R40**, **050-T25** or **050-T40**.

Check out our instructional **VIDEOS** on how to install all of our wire connection methods.
