

How Long Should Your Probes Last?

Watch this New QA Technology Video and find out

Are you wondering if your ICT probes are lasting as long as they should? It's a common question and a good one.

That's why we've created this new video, discussing the seven important factors that affect probe life and performance.

IN THE VIDEO, WE EXPLORE SEVEN IMPORTANT FACTORS THAT AFFECT PROBE LIFE:

- ⚡ Test Applications
- ⚙️ Board Manufacturing Processes
- 🌡️ Test Environment
- 🔧 Board Manufacturing Materials
- 🏗️ Fixture Design
- ⚠️ Probe and Tip Materials and Design
- ⚠️ Care and Maintenance
