

New 100-05 Series Gold Plated Probe Tube

QA Technology continues to meet the diverse application needs of our wide range of probe users by offering the broadest selection of high-quality products.

We are pleased to expand our legacy 100-05 product series by adding a gold plated (G) probe tube option.

This intermediate tube offers:

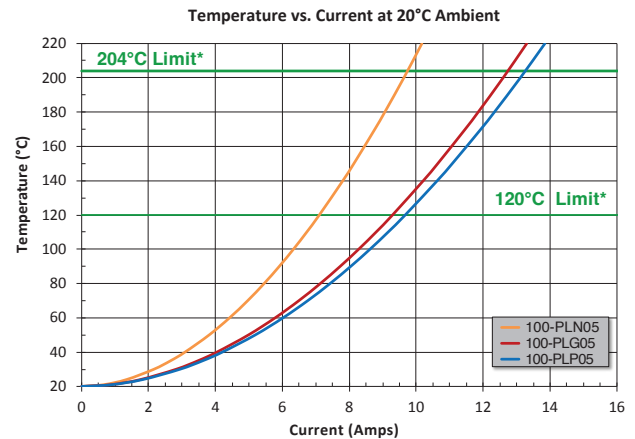

- Improved performance over the N tube with an average resistance of <45 mOhms
- Current carrying rating of 9.3 (12.7) AMPS
- Cost savings compared to QA's P tube option

PROBE TUBE SPECIFICATIONS

PRODUCT	MATERIAL/FINISH	AVERAGE RESISTANCE	CURRENT CARRYING AMPS MW (SS) SPRING
