PRODUCT ANNOUNCEMENT | NOVEMBER 2026

QA Technology Company, Inc.
An Employee Owned Company

NEW!
Lower Cost Test Probe

With gold prices at an all time high, QA Technology is pleased to offer a **palladium** plated steel plunger in our 0.250" stroke conventional and X Probe® Socketless series as a lower cost option.

You can now get a lower cost option with similar electrical performance and cycle life. As a bonus, palladium has more than twice the hardness rating as gold for extra durability when testing those hard-to-test boards.

PROBE SERIES	AVAILABLE TIPS
